PURE IBIZAN SPIRIT

"Experience the luxury of the natural"

Affordable design, efficient and sustainable properties on the island of Ibiza.

### **NCALMA GROUP**

**NCalma Homes** was created with the aim of becoming a reference on the island of Ibiza, forming part of the **Ncalma Group**, a group with more than 20 years of experience in hotel management and urban developments. Our goal is to make your own home a reality on the island of Ibiza with sustainable housing and designs adapted to the needs of each client.

In 2004 the AGUAS DE IBIZA GRAND LUXE HOTEL project was born, with the intention to become the first luxury hotel on the island of Ibiza, a pioneering concept throughout the island, developing a tourism model based on relaxation, disconnection and enjoyment from 'The other Ibiza'. Over the years, the company continued to develop more hotel projects and began a career in the real estate world, acquiring various urban plots of land and giving rise to the birth of the NCalma Group. Today, NCalma Group continues investing in prime locations on the island of Ibiza to continue developing various outstanding projects and contributing to the construction of not only hotels, but also of tourist and residential properties.
